

New Day MCSA

vision to reality...

renovation and innovation continues as promised

Director of Engineering Eric Waller oversees the installation of a new building air conditioner compressor. (And we thought we were getting a swimming pool) *Progress continues!*

MCSA Receives Recognition for Quality

Angela Williams, Chief Quality Officer, and Quality Department Lead MCSA Team Members in Meeting Quality Goals

L-R : Quality department thanks their Team Members for meeting quality measures. L-R: Mollie

Gathright, RN, Risk Manager; Sharon Green, RN, Core Measure Abstractor; Corey Sharp, Infection Control Director; Vicki Hicks, RN, Quality Coordinator/Clinical Coordinator; Angela Williams, Chief Quality Officer/FCO; Amy Smith, CQO Assistant; and Jessica White, Med Staff Coordinator.

The Medical Center of South Arkansas was recently recognized by the Arkansas Department of Human Services, Division of Medical Services for successfully meeting specific performance threshold requirements and successfully passing validation for the Arkansas Medicaid Inpatient Quality Incentive (IQI) award. The evaluation was completed by the Arkansas Foundation for Medical Care (AFMC). The IQI program requires hospitals to meet goals for a number of quality measures – certain aspects of care proven to improve outcomes for patients. Hospital Directors and Admin Team salute the Team.
