New MCSA Conference Center Named for Dr. Robert Tommey

The new conference center was named in a dedication ceremony in honor of Dr. Robert C. Tommey on behalf of the MCSA Auxiliary and MCSA administration and Team Members.

In a surprise unveiling, Dr. Tommey was recognized for his distinguished leadership, unwavering standard of excellence as a physician and his dedicated service to this community.

CEO Scott Street, President of the Auxiliary Peggy Plummer and Director of Volunteers Virginia Meador were joined at the podium by Board of Trustees President Rob Robinson.

Wonderful Wednesdays

Wonderful Wednesdays for Team Members were popping afternoon and night with popcorn service for the most wonderful Team on the planet! Wonderful Wednesdays have included ice cream sundaes, energy boosters of chocolate and soft drinks and special Team MCSA breakfast!

Community Outreach

Head-2-Toe Health Fair

Thanks to MCSA for supporting the annual Head-to-Toe Health Fair in collaboration with area health organizations. This healthfair for adults age 50 plus at Champagnolle Landing Center is a fun and educational outreach for the more than 300 attendees from the community. Dr. Anthony Abraham, South Arkansas Surgical Specialists, offered free hernia screenings, the lab provided free cholesterol screenings and other departments provided much needed health and wellness information on stroke, heart attack, fall prevention and ask-a-pharmacist. Tiffany Lucas, South Arkansas Center on Aging, was at the Meet-the-Doc booth to answer questions seniors have about preventive wellness. [KTVE Video](#)

Girlfriends Giggle

Girlfriends Giggle was the most successful event to date! Approximately 350 women attended with more than 30 indulgences, MCSA health education booths and area vendors. The Murphy Pitard Cake Smash for more than \$4000 in diamonds and pearls was unbelievable for 10 lucky participants; the Fashion Show by TJMaxx was awesome; GG Guys rocked the stage while the Arkansas Heart Dancefloor Divas rocked the dancefloor; and the tribute to Women in Medicine is growing! The event benefits the MCSA Auxiliary. click for photos [Girlfriends Giggle](#)

SouthArk Expo

MCSA joined with ProMed Ambulance and El Dorado Fire Department to present Safety Street at the SouthArk Expo for SouthArk Community College. Safety The rain didn't dampen the rib cookoff competitors -- we all had a taste of award winning southern style ribs. Safety Street featured Stop the Bleed education and focused on trauma, stroke and chest pain education for the estimated 4500 families that attended the annual event.
